“ I needed a powerful mentor who could hold space for me, teach me, stretch me to fully step-up and into this new role for myself and my business.

Wealthy Goddess Live was a pivotal point in my journey. Even the name Wealthy Goddess was strange and foreign to me. I wasn't a goddess, I was a leader.

I was drawn to Kendra! I loved her energy. I wanted her confidence.

I wanted her lifestyle full of spaciousness, ease, travel (YES!), I wanted her business bad-assery!

There was definitely a lot about her and the event that I didn't quite understand, but I followed my intuition, my knowing. I knew

I needed to attend. Best decision I made! In 3 short amazing, powerful, transformational days, I knew she was my mentor for ME! She was the one who God had sent my way.

She is the one who saw my brilliance, yet knew there was so much more to me, so much more for me to step into.

I spent the next 2 years fully immersed in Kendra's coaching, retreats and energy.

My biggest take away was that I had spent 48 years learning, accumulating & acquiring more education, stuff, career and living up to this world's view of success. The past 2 years, has been a beautiful (and messy), powerful journey of shedding and releasing all that does not serve me as I grew into a new leadership for my family and company. **Kendra has given me a wealth of tools** that support my ability to expand into and grow a 7-figure business in the same 2 short years. Without her, I don't believe I would have been able to support and hold all the energy that was necessary.

She has been my rock. She lifts me, holds me accountable and has taught me how to truly LIVE for me, believe in myself and stand in my power.

I look in the mirror and don't even see the same woman I was. **I feel so damn comfortable and confident in my own skin!!** Pure joy and ease! I freakin love my life...all of it!"

Since working with Kendra I have facilitated retreats and workshops all over the world, been flown out and paid thousands to work with VIP clients and created many levels at which to be of service.

Through Wealthy Goddess I have connected to an abundant network of empowered sisters of which I have collaborated with and gained unending strength from. I have traveled and experienced the full spectrum of luxury and in those experiences she has challenged me to embody the boldness and ease of the feminine way.”

“ The healing & growth I've done with Kendra has helped me to recognize my wisdom so that **I'm now more clearly seen & valued by others for my gifts...** leading to an almost triple of my income from a year ago.

Before working with Kendra, I had some traction in my business. However, I was working hard and not enjoying what I was doing. I wanted to bring more of my spiritual healing work into the brilliant business savvy work I was already doing.

What I saw in Kendra was her combination of **straight-up biz smarts** mixed with **deep inner healing**. When we first talked, my only expectation of her was to “kick my ass” and she has completely fully delivered on my request. She has a magical way of lovingly not allowing her clients to get away with their own B.S., which is exactly what I needed.

It's been over a year of working with her and my entire life is completely unrecognizable now — in the most exciting, fulfilling and inspiring of ways!

She's helped me **listen to my inner guidance** clearly which has led me to a new INCREDIBLY BEAUTIFUL place I live with a wonderful home, the attraction of my beloved and the ability to fully receive the abundance of that love, the launch of a new business that is more aligned with me allowing both my wisdom AND mastery to shine.

I so clearly now can see my desires, welcome them into my life, make clear choices and ENJOY all the flow of abundance in all ways that is here right now.

I have so much more **trust in myself** which leads to profound clarity in all my decision making— business or otherwise. I know what I want (which I was always resistant to stating before) and I attract it in. Things that once felt hard or resistant now feel like they flow easily. **I'm in a completely new relationship with myself.** My business colleagues have noticed, my beloved has noticed, and my friends notice. They all say: 'Something is different. You seem so alive and present.' Yes, more of this, please!"

MISSY

“

Kendra is more than just a mentor, she is someone who stands for you and holds you in those uncomfortable places. She sees who you can be and holds the space for you as you grow into it.

I have learned how to stand in my power, own what I do and that has ended up in having more clients coming to me on their own, more money, more opportunity...and my business is continuing to grow.”

Paula Houlihan *The Money Alchemist*

“

If you have the inspiration, desire & intention to be a bad ass conscious business owner, Kendra will coach you in a way that will make you an empowered star. Since mentoring with her my life has changed 100%. I found my tribe. Kendra called me out quick on my scarcity thinking, how I do one thing is how I do everything and the importance of energy, momentum and worthiness. In a short time I have moved across country, started my first launch and created a life that I could only dream of.”

Tracy Carter *Goddess Glow*

“

After attending Kendra's amazing Mastery retreat in Kauai, I'm blown away at the level of growth and clarity I received. My biggest breakthrough came in discovering how I had been pushing away more clients and money because I was terrified of my greatest gift. The fear, doubt and shame that once held me back have dissolved and I'm now prospering from my purpose. I recently launched my first group program with Mother Mary that brought in over \$16,000!”

Alison Elsberry www.alisonelsberry.com

KIM

“ *Wealthy Goddess Live was the start of my transformation, even though I didn't see it at the time.* ”

I had a yearning for something different, a deeper Spiritual connection. Kendra opened my eyes to things I didn't know were possible. She asked me **tough questions** and didn't accept the "I don't know" passive answers I kept giving myself. Kendra taught me to dig deep, face my fears and work through them, not run from them and stay stuck.

Since my very first WGL I have **moved from the scared, scarcity mindset to a thriving coaching business and publishing a book** to be released in March 2017.

‘I love my life! I have so much fun manifesting all kinds of abundance! Most importantly, I have friendships with a Sisterhood that get me, support me and accept me for all of my weirdness!’

I am grateful for every twist, turn, happy, pissed off moment of my Spiritual and professional growth I have experienced with Wealthy Goddess Live and her Coaching Program!”

Kim Tobin www.kimberlytobin.com

AUBREY

“ *Working with Kendra revolutionized my life as well as my business.*

I was a brand new coach, recently graduated from an incredible coach training program that taught me how to be a great coach but taught me nothing about building a business, marketing, sales, etc. I was making very little money and had a whole lot of stress, anxiety and overwhelm.

Through Kendra's feminine leadership...

I was able to have breakthrough after breakthrough in sales, my relationship with money, my well-being and being a strong powerful woman leader.

Kendra stood rock solid by me during my hardest times and kept reminding me of my commitment and power even when I had

forgotten. By the end of the year long program I was on track to break through the six figure ceiling for the first time ever!

The impact of working with Kendra ripples on even after I completed her program. For instance, before WG, it would take me months to create a sales page, which cost me time and money. Most recently, I sat down in a single sitting and created my best sales page yet!

Now, I'm **easily & joyfully making more money than ever, feeling better, weigh less** (I shed 30+ lbs that year alone, and still counting for a total of over 70 lbs) and am operating at a whole new level with confidence.

It has by far been one of the best investments I've ever made in myself."

“ *WOW. All I can say is wow! Coaching with Kendra has been the best and most powerful work I have ever done. (And I've worked with lots of coaches!)*

I first joined the Wealthy Goddess Platinum coaching program after witnessing Kendra work miracles during the 3-day retreat. I knew that my next step was to say yes to signing up to have Kendra as my mentor. But truthfully, it was a lot of money to pay each month! In our 'enrolling conversation' Kendra found some of my mindset blocks and gave me a strategy for how to bring in the clients to pay for coaching with her.

Here's the crazy part....with just one email, I brought in \$23,000 of business from the idea and encouragement that Kendra gave me. Three days after I said yes to working with Kendra, I got the biggest speaking 'gig' of my career. It seemed that the Universe knew that I was now REALLY SERIOUS about **playing a bigger game** and so was responding to

my taking action. That was just the beginning.

Kendra supported me through more launches, more marketing strategies and all the strategic and tactical pieces necessary to run a 6-figure business (without struggling in the ways I used to).

But the best part in my opinion is who I have become while working with this amazingly powerful woman.

I have shifted my business from one that is making good money...but running me, to one that is designed to allow me to have the lifestyle freedom and time to enjoy the things I value.

I have tapped more deeply into the **powerful woman and healer that I am** and the work I have done with clients has ramped up as well. As Kendra has worked with me to more fully own my value I, in turn, can take a bigger stand for my clients and I see their results improving too.

The first time around to sign up for the program was a challenge to say yes to because of the money. I had never paid a coach that much. I'm signing up for another six months and this time around it's a no-brainer! I'd pay whatever Kendra charges because the value I have received has been business and **life altering** and I'm forever **grateful.**"
